

APPENDIX A-3

CLUB ACTIVITIES

FIELD DAY

Field Day is held in June, coincident with an American and Canadian Field Day Contest. Field Day location will be determined by Officers and Members at the April Club Meeting.

Field Day is a weekend set aside so amateur operators can test their skills in setting up portable field communications unassisted by outside help. Everything is run by portable power. It is set up to show how amateurs can use their skill and knowledge during emergency situations.

This is a good time for Members to get together and share skills, talent, to operate rigs set up by Club Members, and to just have a good time.

CLUB PICNIC

The Club picnic is usually held on Field Day, a good time to bring family and friends and let them meet the Members. These picnics are a real treat. They have prizes and excellent food is served. The Club picnic is something you don't want to miss.

CHRISTMAS PARTY

The Christmas party is usually held the first or second week in December. This is an excellent time to bring your significant other and have a great time. With excellent food and entertainment, this is the premier social event of the year.

MARCH MEETING

The March meeting is the Annual Meeting at which the Club Officers are elected for the coming year.

OTHER

The Club also participates in other events during the year, such as Walk-a-Thons, Bike-a-Thons, and other community services and events when requested.
